

Dear VOPF/NET Members,

Today every body is asking questions like **What is the swine flu?** What are the symptoms of swine flu? How can the swine flu infection be controlled? What is the treatment for swine flu? Will a face mask protect me from getting the swine flu, and are there differences in face masks? How can swine (H1N1) flu be prevented? Is swine flu (H1N1) a cause of an epidemic or pandemic in 2009?

Voice of People Foundation in its commitment to Neighbourhood Emergency Team with the focus on addressing emergency health situation, we are pleased to invite you to the **Second Edition of ER Session on 'Understanding SWINE FLU' on Wednesday 12th August, 2009 in association with Fortis Healthcare, Hiranandani Hospital, Vashi....**

Where all questions answers you will get. Be there, For sure.

Second Edition of ER Session on 'Understanding SWINE FLU'

Date	: Wednesday the 12th August, 2009
Time	: 07.00PM to 08.00 PM
Place	: Hiranandani Hospital, Mini Seashore Road, Sector 10A, Vashi, Navi Mumbai – 400 703.

We look forward to your sincere presence in making this session productive and useful without fail.

We believe that all those who care for their family, friends and neighbours would never miss it.

Thanking You

On Behalf of Voice of People Foundation
